The European Federation of Chemical Engineering is pleased to announce the launching of the **EFCE Student Mobility Award**. The objective of the award is to promote mobility among European chemical engineering students. Starting in 2005, it will be presented every two years to the best European students of chemical engineering who have spent one or more semesters studying abroad.

The **EFCE Student Mobility Award 2005** will consist of three prizes: 1st Prize: 2,000 €; 2nd Prize: 1,500 €; 3rd Prize: 1,000 €.

The prizes will be awarded during the 5th European Congress of Chemical Engineering which will be held in conjunction with the 7th World Congress of Chemical Engineering from 10 to 14 July 2005 in Glasgow, UK. The prize-winners will be invited to attend the congress free of charge. Travel and accommodation expenses will be borne by EFCE after first consulting and subsequent approval by the Frankfurt office of the EFCE General Secretariat.

All students who are citizens of a European country in which EFCE is represented can apply for the EFCE Student Mobility Award if they have studied successfully at least one semester (≥ 30 ECTU) in first or second cycle study programmes in chemical engineering in each of two or more different countries.

Applications should include the application form, which can be downloaded from the EFCE website (www.efce.info), and the following attachments: curriculum vitae, transcript of records or similar documents, other proof of academic performance (letter of support by academic supervisor etc.), and a one-page essay about the experiences of studying in different countries.

They should be submitted in English no later than 2 years after graduation.

Applications should be submitted by mail by **31 March 2005** to the Frankfurt office of the EFCE General Secretariat at the following address:

EFCE, c/o DECHEMA e.V., Theodor-Heuss-Allee 25, 60486 Frankfurt am Main, Germany

For further details, please visit the EFCE website: www.efce.info.
