For the second time, the European Federation of Chemical Engineering (EFCE) is pleased to announce the call for nominations for the **EFCE Excellence Award in Chemical Reaction Engineering**. Launched in 2009, this biennial award has been instituted to recognise an outstanding PhD thesis in the field of chemical reaction engineering. The first award was presented to Dr. Maarten Sabbe, Belgium (2010).

The award winner will receive a certificate, a cash prize of 1500 euros, a travel grant of up to 500 euros and fee waiver to attend the conference where the award ceremony will take place. The 2012 award will be presented at a special session of the ISCRE 22\* conference (conference website: <http://www.iscre22.com>) which will be held in Maastricht, The Netherlands, from 2 to 5 September 2012. The successful candidate will be invited to give a presentation following the award ceremony.

Nominations may be submitted by any PhD supervisor at a university or PhD-awarding institution in an EFCE member country. The PhD thesis nominated must address a topic relevant to the field of chemical reaction engineering. PhD theses defended and published between 1 January 2010 and 31 December 2011 may be proposed for evaluation.

Deadline for nominations: **1 March 2012**.

Further information about the nomination procedure, eligibility, supporting documentation, etc. can be obtained from the EFCE website at <http://www.efce.info/ExcellenceAwardCRE>.
