8. Organization of a Colloquium on CRE. It is proposed to renew the tradition of organizing " such colloquia at least in the years that there is no ISCRE. It is suggested to organize in 2011 a CCRE with as theme: " CRE for the valorization of natural gas". There are several FP7 Integrated Projects aiming at the valorization of natural gas. Hence, this could be an opportunity to bring the young scientists involved in these projects together. Of course the broader aim would be as in the past to bring young scientists in the field of CRE together. There would be a poster session with Young Investigator award. About 6 invited lectures would be planned. The colloquium would be scheduled during two days preceding or following a weekend in the Fall of 2011.
9. Reports on symposia and congresses:
 - a) Coordination of conferences (see minutes of business meeting in Philadelphia and <http://www.iscre.org/iscre21/index.html>)
